FOUNDERS

Dr. Achyut Shankar Apte

Smt. Sumitra Kerkar

Shri Haribhau Phatak

Vision

Empowerment of the rural youth by helping them develop an all round personality through education and by imparting life skills

Mission

Provide appropriate facilities and opportunities for development to meritorious and deserving youth from economically constrained sections of community through societal and corporate sponsorship.

VALUES

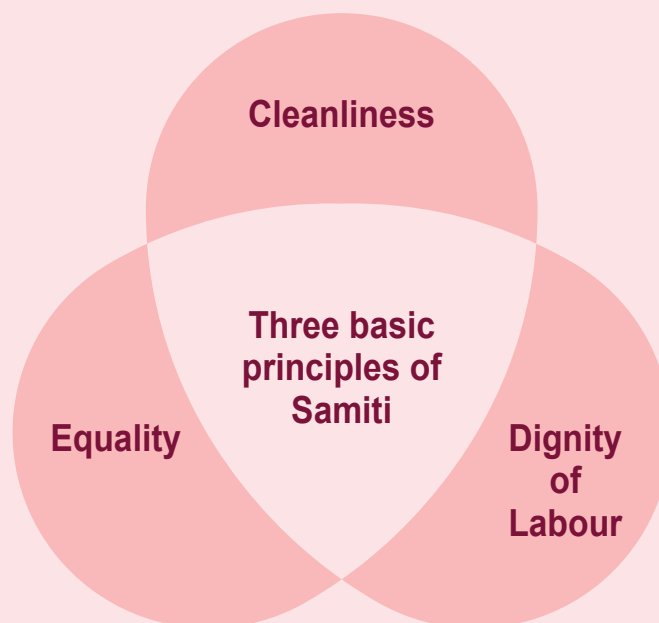

Complete transparency, democratic process, respect to all VSS Stakeholders; Equality; no political affiliations.

YOUTH TRANSFORMATION CENTRE

Dedicated to creating a self reliant, self sufficient generation of the youth

PURPOSE

Samiti provides good hostel and mess facilities on a highly subsidised basis to needy and promising rural students coming to Pune for higher education. Importantly, VSS provides conducive environment and expert inputs to transform the underprivileged student into a confident, self sufficient and responsible member of the society.

Background

Samiti means

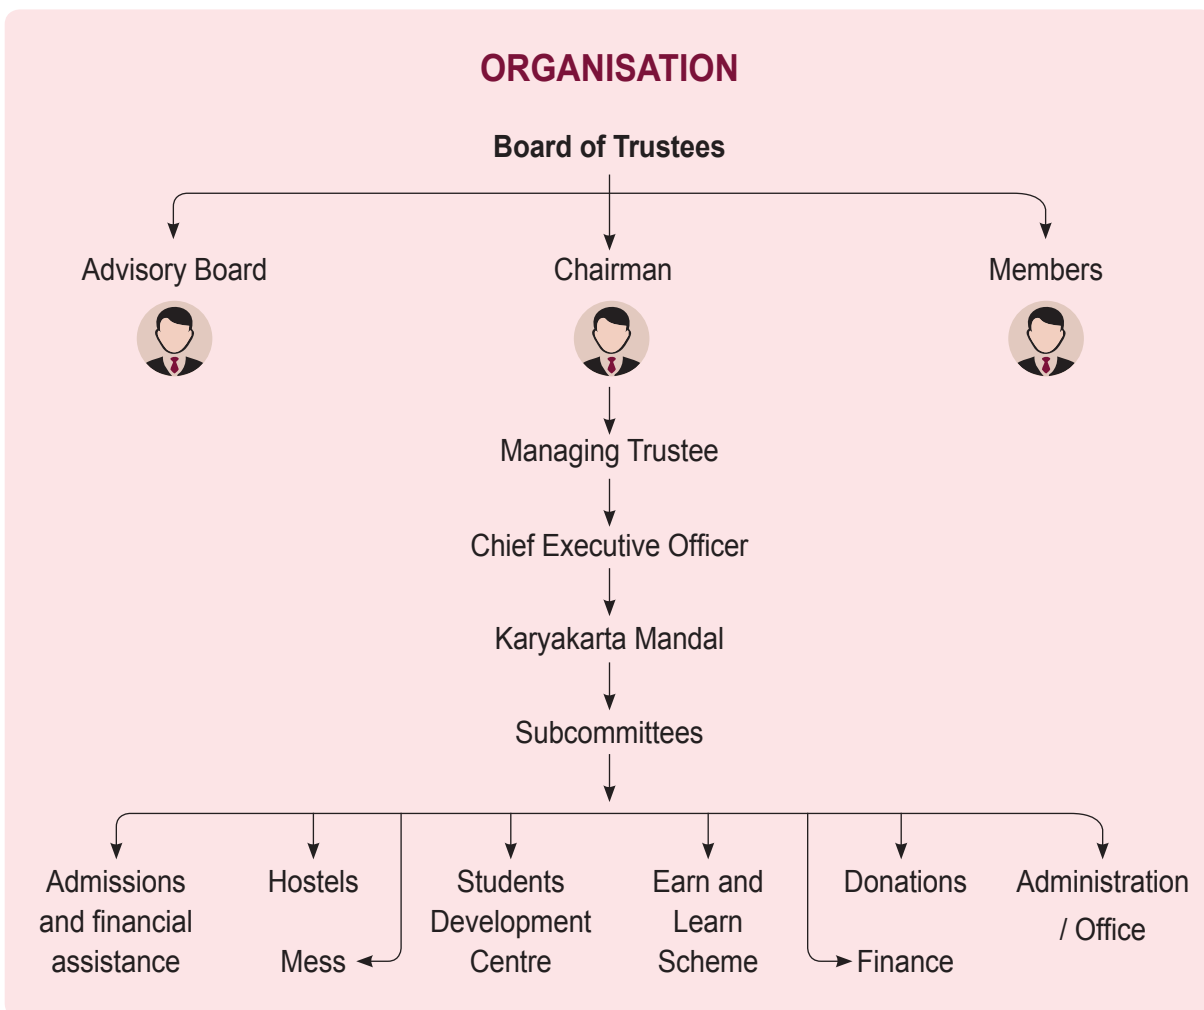

The work of Vidyarthi Sahayyak Samiti would have to be viewed as a centre for transformation of the youth ; an institution which has transformed the lives of thousands of students. Dr. Achyut Rao Apte, Freedom fighter Haribhau Phatak and smt. Sumitratai Kerkar along with others started this mission in 1955 to offer lodging and boarding facilities in Pune at a very concessional cost to students who could not afford higher education due to the high expenses involved. They made a beginning by arranging meals for 5 students. Soon they organised accommodation for the students. Today, Samiti has 5 hostels in

Pune where 747 students – boys and girls- are enjoying various facilities.

Samiti is not a mere lodging and boarding; it functions on the following principles –

- 1) Stress on development of personality apart from providing lodging and boarding facilities at very concessional rates.
- 2) Caste, creed, religion are not considered for admission.
- 3) Cleanliness, equality and dignity of labour are the basic principles of all activities.

Admission is granted to only those students who are from rural areas, who are needy and promising but who might have had to discontinue education for lack of financial support.

The Chairman's message

Pratap Pawar

Samiti's hostels have remained closed for over a year and a half due to the Corona restrictions. This brought into focus the problems faced by the students apart from those relating to education and we realised that we need to tackle other fronts also. The first Corona patients in Pune were found in March 2020 which created an atmosphere of fear everywhere. Our generation experienced for the first time how the whole country comes to a standstill due to a lockdown. This impacted all areas including education of students and it is still there.

The students were stuck in their towns as colleges were closed. The phase of college education signifies the threshold of the future career. They being stuck in their homes, the problems of power shortage and mobile network have been affecting their studies. Samiti's students are from the economically marginal strata of society. They meet their expenses by working under the Earn and Learn scheme when they are in Samiti hostels. They could not do this either, as they were stuck in their towns. This increases expenditure and the strain on their parents. So they are trapped between the worry about studies on one side and the increasing financial strain on their families. As a solution, The Ex-students' Association took the lead in starting the Samiti Ashirvad Vruksha scheme. Under this scheme, students were expected to plant indigenous trees in and around their towns. The expense for the saplings, wire cage and a board displaying the donor's name was estimated. It came to about Rs. 1,600/- It was decided to pay Rs. 500/- to the student as stipend under the Earn and Learn scheme for this work. So, donations of Rs. 2,100/- per plant were accepted. About 800 saplings have been planted under this scheme

in various parts of Maharashtra and stipend could be paid to about 100/150 students over about 3-4 months. A Food service –Anna seva – programme was operated by ex-students. Under this scheme, 1.25 lakh meals were provided to labourers, workers and students between April and June. Both the schemes were supported whole heartedly by donors.

Even if students are not there, the daily expenses of the hostels continue. It was also necessary to attend to repairs to the ageing hostel buildings. Planning for this was done during this period. Donors who have been assisting Samiti over generations due to their trust in Samiti sent donations in person or by post or online and this is continuing even now. They trust that every rupee received by Samiti is used only for the transformation of students. Desire for education in girls from rural areas is on the rise. And, because their parents trust Samiti they insist on admitting their girls in Samiti hostels only. We are, therefore, planning to build one more hostel for 250 girls. We have a grateful belief that this would be possible only with support from well wishers like you.

Message from the Managing Trustee

Tukaram Gaikwad

“Was stuck at my native place due to Corona. So helped my mother in farm work. We have a “saavad” system. This means you work in someone else’s farm and then , when you need, that person comes to help you in your farm. I did more than 50 “saavad”s like this. So that my mother would get help as many times in future when needed. Now I have to think about further education, look for a job. If I am at my place, people approach with marriage proposals. So I have come to Pune.” – Pooja was telling.

When I see her willingness to toil, perseverance and clear thinking about the future, I feel proud that she is a Samiti student. Samiti teaches how to realise your dream by tiding over the present situation. That is why Samiti students are different from others.

The entire current financial year proved to be very bad due to Corona. Students from villages are facing several issues. Samiti is trying to help them through various projects. However, there are constraints in extending help to students whether they are in Pune or at their native places. Still Samiti helped students stuck at their places by going out of the box

through a novel “Ashirvaad” tree plantation scheme. Dialogue was maintained with them through digital platforms to keep their morale high. We reassured them through the medium of “Samvaad Pushp” during this tough time and low morale. In line with Samiti’s teaching that we owe something to the society, we could offer meals to hungry people through Samiti’s “Anna seva” (Food service) project . Our donors generously supported us as usual by appreciating these efforts.

The issues which students face are increasing. Looking at the pace of changes in digital technology, there is a possibility of job opportunities going down in time to come. Hence, while assisting students for higher education, Samiti realises the need to expose them to the alternative of entrepreneurship. We have started efforts in that direction. Savitribai Phule Pune University has assured help for these endeavours. Talks in this regard are on with other organisations also.

While all this was going on, it was necessary to do repairs to the hostel buildings which are several years old. Work of major repairs could be taken up this year as students were away. The number of girls approaching Samiti for admission is increasing. But space is a constraint. Hence, efforts are on to plan and construct a new hostel to accommodate 250 girls. This project is going to cost about Rs. 18 crores. A well wisher of Samiti Shri Vinod Jadhav, Samiti’s Trustee Shri Vijay Pusalkar, another Trustee and Executive President of Marathvada Mitra Mandal Shri Bhausahab Jadhav , Smt. Preeti Rao of Atmaja Foundation have agreed to offer donations for this project and have shown their trust in Samiti’s work. Looking at this level of support when the project is still in the approval stage, we are confident that once the work on the ground starts, adequate funds would be received from the society at large to see it through.

Students Selection Process

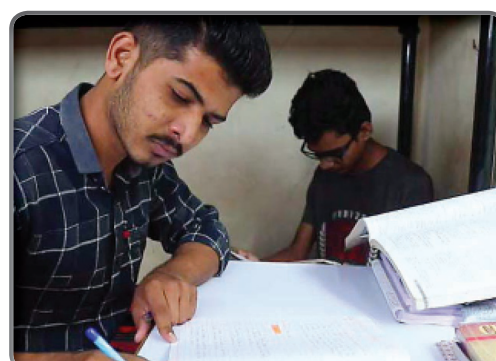

For students coming to Pune for any branch of studies after passing the 12th grade examination, the process of admission to Samiti starts after they have secured admission to a college. Applications for admission are accepted after they go through the rules and complete the paperwork. This is followed by an interview of the student and his / her parents / guardians. The financial position of the student is verified. If the need and the reason for coming to Pune for education are considered satisfactory, admission is granted. To start with, admission is granted for 6 months and fees for that period only is charged. A comprehensive review is undertaken (conduct of student at Samiti, academic performance, participation in morning yoga session and earn & learn scheme etc) before finalising the provisional admission. Similar review is done for every re-admission of student every year.

Conditions

- Yoga for half an hour is compulsory.
- Should devote half an hour everyday for cleaning or office work.
- Must work in the Earn and Learn scheme to earn enough to meet the expenses on meals.
- Should meet the guardian donor assigned to him once a month.
- Should participate in the programmes of the Students' Development Centre.

Facilities

- 2 to 4 students per room. Each student would be given a cot, a mattress, a cupboard, a table and chair. A fan and hot water for bath.
- A glass of milk after Yoga. and two meals.
- A computer centre, a well stocked Library, a Health Centre.
- Lectures of experts from various fields, Group discussion.
- Study Tours, Visits to various organisations, Educational programmes.
- Various competitions, Cultural programmes.

Activities During the Corona Period

Annaseva (Food service) programme :

The first Corona patient in Pune was found on 9th March 2020 which created an atmosphere of fear. People were confused as nobody had any reliable information about Corona. Suddenly, a nationwide lock down was declared and people experienced what happens when everything throughout the country is closed. Since everything except essential services was closed; students, workers, small traders, labourers suffered tremendously. Samiti's Ex-students' Association came forward. It explored the possibility of providing rice / khichadi to these people. The calculations showed that 100 meals could be offered in Rs. 2,500/- and that this could be done for 100 days if 100 ex-students donated funds to meet the expenses. The programme was launched after taking requisite permissions from the police and the administration. Meals were supplied in several areas like Dhayari, Kondhva, Aundh, Budhavar Peth. The scheme which started with providing 100 to 250 meals per day reached 3,100 meals per day very soon. The Association and Samiti

together provided more than 1,25,000 meals between 30th March and 8th June 2020. Several newspapers and TV channels took note of this. The Kalyani group, Sakal Relief Fund, Sava Pharmaceuticals, Marathvada Mitra Mandal and others extended a helping hand. A small booklet on this project titled "Samskarateel Samvedana" was published.

Samiti Ashirvad Vruksha Yojana (Samiti 'Blessings by Trees' Scheme):

Students who returned to their native places in March 2020 due to the Corona outbreak, were stuck there. It was hoped that colleges would reopen and Samiti's operations would return to normal once the restrictions were relaxed in June 2020. But the epidemic kept spreading and the students could not return to Pune during the entire year.

When in Samiti, the students can meet some personal expenses through the Earn and Learn Scheme. However, since they were stuck in their villages, they were short of money. Even charging mobile phones became difficult. This prompted Samiti to launch the Ashirvad Vruksha Scheme. The sapling is already grown to 3

to 4 feet height. The responsibility of planting the sapling and looking after it is taken by the student and his family. Photos of the sapling are sent to the donor from time to time as it grows. Providing a protective mesh, support stick, a small templet bearing the number of the sapling and the name of the donor cost Rs. 1,600 while the stipend of Rs. 500 to the student under the Earn and Learn scheme meant a total expense of Rs. 2,100 per sapling. 620 saplings were planted under this scheme in Pune, Solapur, Vidarbha and Marathwada. Very good response was received from the donors for this scheme.

The donors felt that when Ex students Association and Samiti were taking initiative for protection of the environment, they should be with them. M/s Kalyani Techno Forge offered substantial financial support for this scheme.

Samvad Pushp (Dialogue Forum):

All activities of Samiti were inoperative since all the students were at their villages. In order to maintain dialogue with the students and maintain their morale, experts from various fields had a dialogue with them via digital media once a month through the Samvad Pushp forum.

Participation of Ex-students in the Palya-Palak scheme (Guardian-ward programme):

Palya-Palak is a quite different scheme of Samiti and is compulsory for students. The idea is that each student should meet one of Samiti's donors once a month. The donors are considered as guardians of the students. As far as possible, guardians are assigned so that the background of the guardian and the branch of study of the student match. This scheme enables a student from rural background to visit a family from a city and familiarise with their way of living and also get useful guidance from an elderly and experienced person. This also enables the guardian to keep abreast of the developments in Samiti and keep in touch with the progress of the student. Efforts are on to ensure maximum participation by ex-students in this scheme. Samiti intends to insist that the ex-student or his / her spouse should become a member in this scheme by paying Rs. 3,000/- for a year. It has been observed that the success, experience and guidance of the ex-students prove very beneficial for the students.

Memory

This is the house in Vijay Nagar Colony, Sadashiv Peth, from where Samiti's mission took off. The sapling planted by Dr. Achyutrao Apte, Sumitratai, Haribhau Phatak and others has now grown to a large tree in full bloom.

Worth Noting

Renovation of Dr. Achyut Apte Hostel

Since this building is about 41 years old and frequent repairs are needed, it was decided to carry out all the repairs at one time. This was possible since there were no students. The work started in October 2020 and was completed by end July 2021.

A big Donation from Marathvada Mitra Mandal

There are plans to do some construction in Samiti's open space. Keeping in mind the pressing need for additional accommodation for girls, we are going to construct a hostel to accommodate 250 girls. On learning this, Marathvada Mitra Mandal promptly announced a donation of Rs. 2.50 crore for 25 rooms of the hostel.

Six Sigma

A Six Sigma workshop was organised for engineering students this year also. The response was good. All the students also got placement after graduation.

Annual Calendar :

For the first time, a calendar presenting information about Samiti has been published. 3000 copies printed on art paper were distributed. Ex-students booked advertisements to meet the expenses so that there was no burden on Samiti.

Computers from 'Cognizant'

On learning about Samiti's activities, Shri Abhijit Datar and Smt. Aboli Mahajan of Cognizant arranged for a donation of 100 computers by the company. Shri Nikhil Nanivadekar also helped in this matter. They are also trying to conduct some programmes relating to skill development, for Samiti students.

Achievements of the Students

Rutuja Rohit Kalkate

About 200 students from Maharashtra participated in a State level on-line poetry recital competition organised by Vagyadnya Bhashanakala. Winners were decided on the basis of 80 marks awarded by the judges and 20 marks based on the likes/ views received by the contestant. Rutuja topped the list of winners. The title of her poem : "A letter written to the God."

Utkarsha Balasaheb Darekar

Got second rank in the state-wide drawing and rangoli competition organised by Arambh Paliative Cancer Care Centre, Ahmednagar.

Anil Jadhav

Was declared the Student of the year for the year 2020-21 by Symbyosis International University. Was also awarded a scholarship of Rs. 25,000/-

Swapnil Pawar

(Modern College of Arts, Science, Commerce, Pune) : Named Model Student for 2020-21.

Pavan Machchindra Patil

Selected as Senior Secondary Recruit in the Indian Navy.

Sentiments of successful Ex-students

Firm support from Samiti

Dr. Sangita Barve,
Author and Poet

Got admission in Samiti while studying in Ashtang Ayurved Mahavidyalay. The samsakaars received knowingly or unknowingly while in Samiti were useful in life even more than college education. Got the benefit of the affectionate company of Smt. Nirmalatai Purandare only due to Samiti. Learnt to understand and appreciate the natures of the girls who had come from the corners of Maharashtra for education, the issues faced by them in pursuing education, the thinking about solutions for the issues – I got used to this type of thinking. Got insight for social work due to Samiti. That is why I operated a dispensary in a colony of the underprivileged for 22 years. In the field of literature, my collections of poetry titled : Mrugatrushna, Divasaachyaa Vaatevaroon and Antareechyaa Garbhee have been published. Got the opportunity of presiding over the 26th Akhil Bharatiya Balkumar Sahitya Sammelan held in 2015 at Murunjee. Presently, President of Amarendra Bhaskar Balkumar Sahitya Samstha. Could complete my education only because of the support which Samiti provides to students from rural areas.

**J.V. alias
Raju Ingale,**
Managing Director,
Tech-Expert, Pune.

Got life's Provision

I spent my childhood at Shivpuri (Taluka Malshiras). Father was a trader selling onions and potatoes. Mother worked in Sheti Mahamandal on daily wages. Ours was a large family with five daughters and four sons. Could just manage the daily needs. Completed education till 10th standard while tending to cattle. Got 75 % marks in the 10th grade examination. Passed the 12th exam with good marks and got admission for the Surface Coating course and to Samiti. The three years in Samiti equipped me with life's provisions. The various programmes in Samiti were extremely useful for development of personality. Got a job in Asian Paints after completing Diploma. Set up Consultech Engineers in 1998 and started manufacturing painting booths and powder coating systems. Set up a new company : "Tech-expert Engineering", in 2016. It has now become an international brand. It produces paint finishing systems, shot blasting systems, automatic finishing systems. Tech-expert floated a joint venture in 2017 in collaboration with GB Neuhaus, Germany in the field of nano coating technology. Now more than 100 employees are working in the group. Samiti has a very important share in this success. Circumstances taught me much while I was a student which made it possible to reach this stage. I am now the President of Samiti's Ex-students' Association.

Dr. Aruna Thube
(nee Aruna Gangadhar
Auti)

A Loan which cannot be repaid

Got admission for civil engineering in COEP, Pune after the 12th grade. While enquiring about accommodation, Prof. M.R. Khadilkar from the college (a Guardian from Samiti) told me about Vidyarthi Sahaayak Samiti. Shri Rajabhau Patvardhan and Shri Yadavarao Kulkarni of Samiti interviewed me and I was admitted. Had I not got admission here I would have been compelled to cancel my college admission. Learnt a lot from Smt. Sumatitai Patkar, a strict disciplinarian. Developed friendship with other girls while doing yoga, four-hours work, Marathi English group discussion, weekly common cleaning up. Even today, I have maintained the habits of cleanliness, self reliance, helping others in their hour of need and performing yoga regularly. Got permanently connected with the families of Jayashreetai Bhide, Prof. Khadilkar, Dr. Deshpande. Got opportunity to learn a lot from great persons like Apte sir, Nirmalatai, Sumitratai. After passing B.E.(Civil), did M.E.(Civil) while working, got Ph.D. from I.I.T., Roorkee. However, I value more the degree of "Ex-student of Samiti". Presently working in the civil engineering department at COEP, Pune as an Associate Professor. Lot of credit for what I am today goes to Samiti. Samiti's obligations are not repayable.

Shahaji Umap,
District Police
Sperintendent, Nashik.

Following Samiti's discipline

I was in Samiti in 1986-87. I automatically imbibed Samiti's discipline and thinking through Yoga, four-hours work, English group discussion and other programmes. This is proving very useful now in police service. I ranked first in the examination held in 1996 while I was Additional Commissioner at Navi Mumbai. Worked as Sub-divisional officer in Ambejogai and Kolhapur. When I was transferred from Ambejogai, the local people took out a morcha in protest because of the bold decisions taken by me relating to prohibition and women's issues, and the transfer was cancelled. Was awarded the President's Medal in 2019 for excellent performance. Presently I am at Nashik as the District Police Superintendent. I am functioning keeping Samiti's discipline in mind. I am proud that I was a Samiti student. Samiti has a big share in my progress. Grateful thanks to Late Shri Apte sir and all Karyakartas working not merely to offer lodging and boarding facilities to thousands of needy students but also for their all-round development.

Vitthal Kale,
Film Actor.

A Pillar of support and a Guide

Presently I am acting in movies in various languages in India and abroad. Prominent movies : Hotel Mumbai (Hollywood), Kosa (Hindi), The Field (Hindi, French); Marathi Movies : Tukaram, Kagar, Rakshas, Sairat, Atpadi Nights, Punashch Hari Om, etc. Was in Samiti from 2009-2011. Learnt discipline and self reliance from Samiti. Samiti plays an important dual role as a support and a guide in the lives of rural students. I am sure that my Samiti would continue to mould successful students who are mindful of their social obligation, in future.

Parameshvar Kale,
Social worker.

Invaluable vow for Social Work :

Was in Samiti from 11th to D.Ed. (2004-2008). Apart from education, also got lessons in self reliance. The lessons in social work received here are invaluable. Worked as a teacher for some time at Chinchwad. Taking inspiration from Samiti's teachings, I resigned from the job and started working with the objective of bringing Adivasi children and orphans from nomadic tribes into the mainstream of education. Presently, I am managing a residential shelter set up by Sanskar Sanjeevani Foundation at Solapur. The task of educating, moulding and bringing up of 53 children is managed entirely with the support of well wishers, without any government help.

Views of Eminent Persons

Prof. Dr. Nitin Karmalkar,
Vice Chancellor,
S.P.P.U.

An organisation engaged in constructive work

Vidyarthi Sahayyak Samiti is an organisation doing constructive work for students from rural areas. I have seen its work by visiting its hostel. Self discipline is the unique feature of Samiti's students. Many students have become self supporting through the medium of the Earn and Learn scheme. Savitribai Phule Pune University has entered into an agreement with the objective of enabling students to enhance their skills.

Overall development of students takes place here through Yoga, Studies, Self discipline and awareness of social responsibility. And it is remarkable that ex-students provide valuable help, regarding it as their responsibility. This offers an opportunity to students from poor families to come to a large city like Pune for education. Congratulations for the successful journey of the organisation so far and best wishes for the journey ahead.

Sumitra Mahajan,
Former Speaker, Lok sabha.

A Wonderful Organisation

Came to know a very beautiful organisation. An organisation is known from the people working for it. All of them are working tirelessly. What the students get here through various programmes is, no doubt, life education. Besides, it is indeed remarkable that ex-students are coming back to the organisation through awareness of social responsibility inculcated in them by the organisation.

Samiti is needed by many

I knew Samiti when I was a student but I couldn't believe that they could offer lodging and boarding facilities at such a low cost. Samiti is doing very good work but it is limited to 750 students. Samiti is needed by many more students from Maharashtra and other parts of the country. Hostels based on this philosophy should come up everywhere.

Vishal Solanki,
Education Commissioner, Maharashtra.

Sentiments of Donors

“ We came to know about Vidyarthi Sahayyak Samiti through educationist Sumantai Karandikar. We were overwhelmed on seeing Samiti's work. We were happy that such good work was being done in Pune for higher education of students from rural areas. The very concept of offering lodging and boarding facilities and personality development at low cost is different. I think there is no other organisation in the world doing such work. We offer financial help to Samiti as may be possible. This gives us pleasure and deep satisfaction. It has indeed rejuvenated our lives. Connecting with this organisation has proved very lucky for us.

- Vinayak and Kishori Khandkar.

“येथे बहुतांचे हित”

Marathwada is not an educationally and financially developed region. The proportion of girls' education is low and on leaving Marathwada for going to Pune for education, they cannot find lodging and boarding facilities. Parents cannot afford the cost of private hostels. Having regard to these problems and the future of education of the girls, it was necessary to establish hostels for girls from Marathwada. But there is no such facility till now. Vidyarthi Sahayyak Samiti, Pune is constructing a new hostel for 250 girls. Samiti is a centre for grooming. Samiti has earned the trust of the society and the parents. Hence, as a golden mean, Marathwada Mitra Mandal, Pune has extended financial assistance of Rs. 2.50 crore to Samiti. This is expected to expand the facilities of lodging, boarding, education and improve their future .

-Marathwada Mitra Mandal.

We have been aware of Samiti's work since long. It helps needy students from rural areas coming to Pune for education. The principal objective of the organisation is to mould the youth into responsible citizens of India apart from providing lodging and boarding facilities at economic rates. This work in the field of education appealed to us very much and hence we have been offering as much help as possible to the organisation for the last few years through the medium of CSR. It gives us lot of satisfaction that we could help them in their work. Best wishes to Samiti for their work.

-Delval Flow Controls Pvt. Ltd.

We are thankful to Vidyarthi Sahaayyak Samiti for giving us an opportunity to help them. We do intend to be with them and work for the benefit of the society.

-Kalyani Technoforge Ltd.

Audit Report

To
The Board of Trustees,
Vidyarthi Sahayyak Samiti,
1184/1/4 F.C. Road, Pune 411 005.

As per our appointment, we have audited the attached Balance Sheet of Vidyarthi Sahayyak Samiti as at **March 31, 2021** and also the Income and Expenditure Account for the year ended on that date annexed thereto. These financial statements are prepared by incorporating the accounts of the Trust.

These financial statements are the responsibility of the Management. Our responsibility is to express an opinion on these financial statements based on our audit. We have conducted our audit in accordance with auditing standards generally accepted in India. These standards require that we plan and perform the audit to obtain the reasonable assurance about whether the financial statements are free of material misstatements. An audit includes examining evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by the management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

We further report that :

- a) We have obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b) The Balance Sheet and Income & Expenditure Account dealt with by this report are in agreement with the books of account.
- c) In our opinion, the Trust has kept proper books of account as required by law so far as it appears from our examination of these books.
- d) In our opinion the Balance Sheet and Income & Expenditure Account comply with relevant Accounting Standards, exceptions mentioned in respect AS-9 on Revenue Recognition.

In our opinion and to the best of our information and according to the explanation given to us, these financial statements together with the schedules attached thereto and read with the Accounting Policies and Notes Forming Part of the Accounts give a true and fair view in conformity with the Accounting Principles generally accepted in India :

- i] In case of Balance Sheet, of the state of affairs of the Trust as at March 31, 2021.
- ii] In case of Income & Expenditure Account, of the Surplus / (deficit) for the year ended on that date.
