Samiti's Motto

- Empowerment of the Youth through Comprehensive Education

Mission

- Make available appropriate facilities and opportunities for empowerment of needy and promising youth

Samiti's Policy

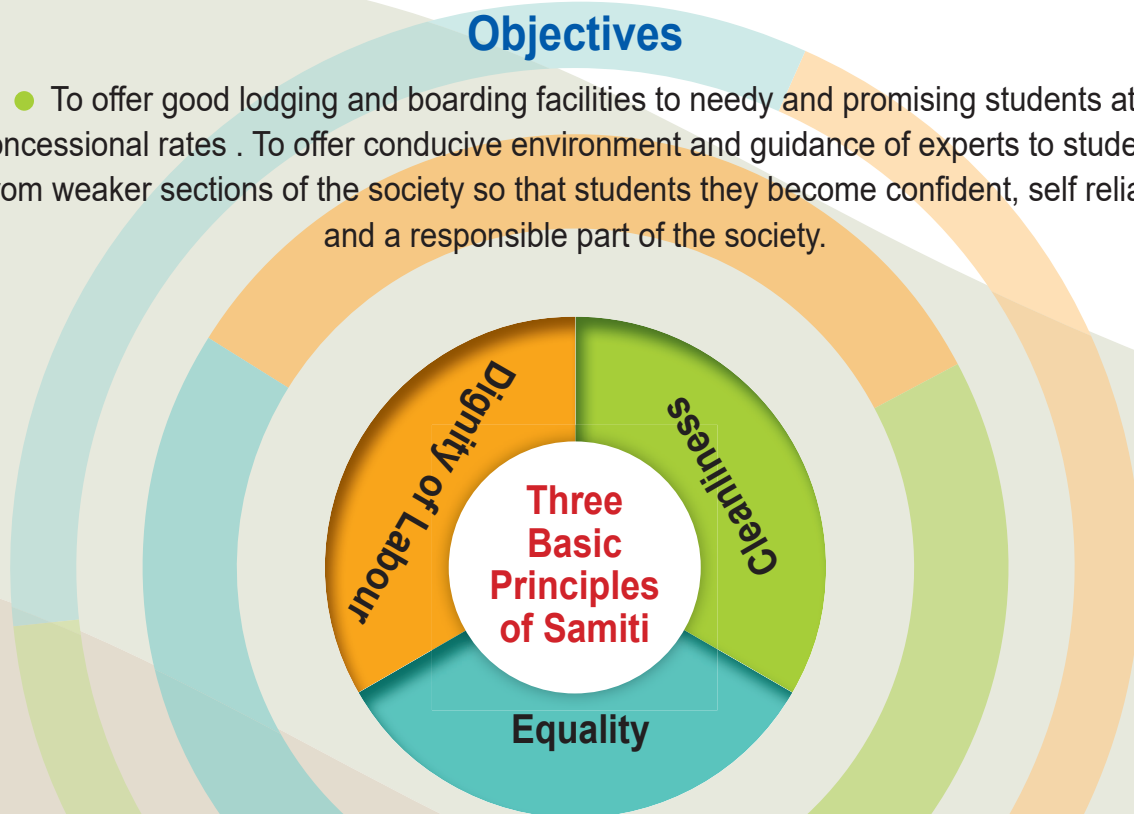

- Good Management and Efficient Systems
- Offer excellent lodging and boarding facilities to young boys and girls coming to the city for higher education after SSC
 - inculcate Samiti's values in them irrespective of caste
 - creed and religion
- make available to them opportunities of developing various skills
- make efforts to empower them and to sow the seeds of entrepreneurship in them
- endeavour to secure financial and other support of persons and organisations for this mission.

Values

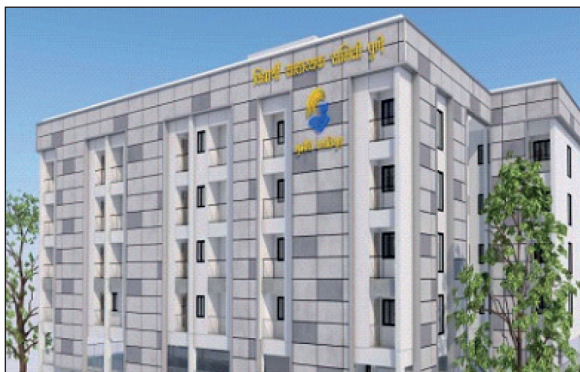

- Cleanliness ● equality ● dignity of labour ● self reliance
- development of personality ● awareness of obligation towards society.

Objectives

- To offer good lodging and boarding facilities to needy and promising students at concessional rates . To offer conducive environment and guidance of experts to students from weaker sections of the society so that students they become confident, self reliant and a responsible part of the society.

Samiti's Mission

Vidyarthi Sahayyak Samiti operates mainly with the objective of offering lodging and boarding at concessional rates, to intelligent, promising students from rural areas coming to Pune for higher education. Keeping in view the changing economic and social scenario, it is Samiti's objective to introduce and guide at least 10% of the students to entrepreneurship. Samiti is looked upon as a centre transforming the lives of thousands of young students. Samiti is registered with the charity commissioner under the public Trusts act 1950 and the whole of India is its field of operation.

Senior mathematician Dr. Achyutrao Apte, freedom fighter Haribhau Phatak, Smt. Sumitratai Kerkar and some others started this work in 1955 with the objective of helping students from the economically weaker section of the society who were willing to toil hard for achievement of some objective. To start with, meals were arranged for the students in the dining clubs of S.P College and Fergusson college. In due course, lodging facility was increased. Now, Samiti has 5 hostels in Pune, two for girls and three for boys, with a capacity of 750 students. Two hostels would be opened at Ahmednagar in about a year. Samiti has been operating on the support received from donors and moderate fees charged to students. Cleanliness, Parity and Dignity of

labour are Samiti's principles. Samiti strives relentlessly to mould responsible citizens for the country. Admissions are available in each term. They are available for diploma courses, ITI and graduate courses after the 12th grade.

Number of Girls is increasing

The present capacity of the hostels is 750, which includes 320 girls. However, keeping in view the increasing number of girls coming to Pune for higher education, one more hostel for girls is under construction in Pune. It would accommodate 336 girls. Efforts are on the start admissions in June 2024.

Various Programmes for students

Yoga early in the morning, half an hour work everyday for Samiti, participation in the Earn and Learn scheme and meeting a donor parent once a month are compulsory for all students. A well- stocked library, a spacious reading room, a computer centre for learning and practising on computers, medical assistance are available in all hostels. Efforts are made for development of personality through sports, lectures of renowned persons, group discussion, cultural programmes, various competitions, guidance in entrepreneurship development and other activities.

Support from the society

The work which has been going on for over 6 decades has received tremendous financial support from the society. The founders were keen that the work should go on entirely with support from the society without relying on any help from the government. Some of the donors are with Samiti for generations. The transparency in working and the transformation of the youth convince donors that their assistance has been put to good use.

Construction of new hostels for girls

Pratap Pawar, President

The current year has proved fruitful on various fronts for Samiti. Bhoomi Poojan was performed for two hostels at Ahmednagar. For the first time, Karyakarta organised a workshop at Alibag and finalised a direction for the objectives and policies. Samiti students collected about Rs. 18 lakhs of donations from the areas where they live, by briefing people about Samiti. Samiti's libraries were modernised. In order that Samiti students should become entrepreneurs, apart from being fit for employment, a conference of about 100 ex-student entrepreneurs was organised. An agreement of understanding was signed for the purpose, with a world-wide organisation "Garje Marathi" based in USA. It is a matter of satisfaction that an international platform is now available in the form of "Garje Marathi" for guidance to students. It would be samiti's endeavour to expose students to new technology.

Samiti's mission is now spreading a wide. Thousands of promising students from rural areas dream of pursuing higher education in Pune with the support of Vidyarthi Sahayyak Samiti. The number of girls among them is increasing. In this era of the competition, the proportion of girls seeking admission in a city like Pune is increasing and Samiti's responsibilities too. We had to turn away many girls due to shortage of seats. However, we decided to find a way out. We started construction of two new hostels - one for girls in Pune and, for the first time, one at Ahmednagar outside Pune. About 400 girls and 120 boys would find accommodation in these hostels in about a year. Offers of help are received due to Samiti's past record. Hostels and

other facilities would be available. However, addition of one student increases deficit by Rs. 28000. Samiti needs financial help for meeting that.

Not to offer anything for free to the students but to provide facilities of high standard. Dr. Achyutrao Apte always said that money would never be a problem if you are doing work. We are experiencing that three generations of many donors are still connected with Samiti. Several eminent persons from various fields are devoting time to Samiti's work. Ex-students are returning to Samiti out of a feeling of gratefulness. Cooperation from all of them enables samiti to offer facilities at concessional rates. Samiti is devoted to moulding responsible citizens by transforming youth in accordance with the three principles of cleanliness, parity and dignity of labour. We are gratefully aware that we are able to achieve this only because several people like you are with us.

Thoughts of Changing Times

Tukaram Gaikwad

‘We are happy that we are connected with a good organisation’, ‘We are happy that our small contribution is useful in this constructive work’. Such reactions from donors and well-wishers encourage us, boost our moral in the task of transforming the students.

Work of Vidyarthi Sahayyak Samiti is expanding. We are happy that educated experienced people from the society are getting connected with this mission. We have expanded the use of social media with a view to reaching information about this noble work to maximum number of people. Last year the admission process was online. About 1700 applications were received for 250 vacancies. That was the impact. Samiti's work has reached across the ocean, due to the use of social media. Many Marathi people from abroad have expressed admiration. Some of them visited Samiti during their visit to India. They had discussions among the families and dollars have started flowing to Samiti for the first time. The persistent efforts of Samiti Karykarts have played an important role in the regard.

The society believes that a Samiti student must be well behaved and cultured. Many offers of help have been received for schemes in that regard. The task is being taken forward within the guidelines laid down by the founders. Several new companies are getting connected through the medium of CSR. Apart from financial help, students are getting guidance in the demands of changing times and training. Samiti is doing the task of moulding responsible citizens not merely by offering lodging and boarding at concessional rates but by explaining the significance of dignity of labour, morality and building character. Thousands of students who have benefited from the grooming are witness to this. They are getting connected with the mission again out of love for the institution.

The number of girls from rural areas coming to Pune for higher education or new courses is increasing. The needy and promising from them require Institutions like Samiti. Among them again, girls find it more difficult to get accommodation in a city like Pune. Hence Samiti has started construction of a new hostel in its premises near Shivaji Housing Society, Pune. Also, for the first time, two new hostels would be ready in about a year at Ahmednagar. The think tank has finalised some objectives for the next 5 years. Thoughts are also being given to skill development required for industries. We are going ahead with the objective of developing at least 10% of Samiti students into entrepreneurs. Institutions like “De Aasra”, Bhau Foundation from Pune and “Garje Marathi” from USA are with Samiti. Thoughts are also being given to making available study rooms and meals to outside students. Help from all of you is already there. We would make this possible through our joint efforts.

Success of Ex-Students

Awareness of responsibility due to Samiti

Bhaur (Ta. Devla) from Nashik district is my place. As ours was a farmer's family, my education was going on while fighting the circumstances. Had primary education in Jawhar (District-Thane). Ranked first in the centre in 10th exam. Took admission to the Government Polytechnic Dhule. Got 8 th rank in the final examination and got admission to the 2 nd year at COEP Pune. However did not get admission to the hostel. I couldn't afford living outside, so I approached Samiti. Got admission to Lajpat hostel. Was earning some money just enough to meet pocket expenses. Graduated in Electrical Engineering in 1988. The stay in Samiti taught dignity of labour and social responsibility apart from self-reliance, self-discipline personality development. Got job of junior engineer in Mahavitrans in 1989. Presently I am the Chief Engineer, Pune circle. Could make a special contribution during the 2005 Mumbai floods, Corona epidemic, Taute Cyclone. Have been active in social work since beginning of my employment out of the feeling of social responsibility taught by Samiti. Have been helping orphans, blind and deaf children as also elders living in oldage homes through various organisations.

Rajendra Pawar,
Chief Engineer Mahavitaran, Pune, Pune circle

Endeavour to offer the maximum

I am from Beed; however, my family moved to Nagar due to drought. Not enough money for education There was nobody to guide about career or what should I do after 10 th . Got 91% marks in 10 th , so decided to take admission to diploma in Government College. After diploma, got admission to degree but accommodation was not available, Samiti admitted me. Got a scholarship through Samiti which provided some relief. Now I am a CSR officer in a multinational company. Samiti has lion's share in this for sure. I have been participating in samiti's work after passing out. 10/11 Samiti students have been receiving scholarships over the last 2 years through my company. Installed solar heaters at the boys' hostel. My company has approved Rs. 50 lakh during the current year for the new girls' hostel under construction. I keep in touch with Samiti students and offer them life skills training through Ankur Foundation under 6 sigma, would be shouldering some responsibility as a member of the Udyog Council. I would certainly try to do my best for Samiti. Samiti is indeed a family for students like me. It is because of samiti that one connects with people like a family.

Dhanaji Puri,
CSR officer, Epiroc Mining Pvt. Ltd.

Samiti which reinforces your Actions and Thoughts

I was in Samiti during 1987-88. Yogasanas taught me to care for health, sweeping taught me cleanliness, to imbibe the valuable the advice of elders by meeting them, express my thoughts through group discussion, express yourself firmly. Got the opportunity to reinforce my thoughts through participating in various cultural programmes. Later, I became a lawyer, started working as a counsellor. While staying in Panvel, I wrote down 2000 years of history of the city. This was probably the only instance of someone writing the history of one town. Also worked as a member of Marathi Vishvakosh Nirmiti Mahamandal. Presently I am working as a member of the management committee of the “Sakhi Ek Thamba Kendra” pilot project launched by the central government in Pune. Worked for several years as a counsellor in the Bharosa cell set up in the Pune Police Commissioner’s office. Have received the Savitribai Phule National award for empowerment of Women. Have been honoured with various awards for elocution, debates, poetry, as also for literary, social and cultural work. Some books have been published. Have compered political, cultural, literary, social functions. The Lawyer whose role was played by Savita Prabhune in the Marathi movie ‘Bandishala’; was named after me. All these honours were received by a Samiti student.

Dr. Prarthana Sadavarte,
Counsellor for social Issues, Pune

Stood up because of Samiti’s programmes!

I was born in village Unchkhadak in Taluka Junnar (where there was no electricity, water, roads). Completed primary education there, stood first among girls in Pune district in 1988. Received good support from Samiti while facing the challenges of modern independence and Education, during 1988-90. Stood up through programmes like Yogasanas, Surya Namaskar, Earn and Learn. Later started service as a primary teacher after doing D.Ed. while writing for Akashvani ‘Balachitravani’, authored some dramas, poetry and other literature. 4 of my books have been published so far. Completed. Ph.D. because of my liking for studies. 44 of my students have ranked in scholarship examinations till now. Have been giving lectures in schools, colleges, senior citizen organisations, continuous Harinam chanting etc.

Dr. Lata Mule Padekar,
Teacher.

What Donors say

Making students capable in the era of competition

My late uncle Ravindra Bhat told me about this organisation working for needy and promising students. He was associated with Samiti's work for several years. He had fully involved himself in Samiti's work after retirement. He toiled so that intelligent girls from villages got education, learn computer, should gain confidence by living and working in a city. I took inspiration from his selfless social work. It was he who prompted me to donate under Samiti's Guardian scheme. I could have close interaction with boys and girls from Samiti for 3/4 years under this scheme. I was impressed by their struggle and industrious nature. I was very happy and contented watching them step into the competitive world. holding Samiti's hand.

When the CSR Funds budget was put up before me, I naturally recommended Samiti as the most suitable organisation for the Company's budget for social welfare. M/S. HNB Engineers donated 70 Laptop computers to samiti in memory of Late Ravindra Bhat and our Company's founder Late Hemant Bhat, I am sure our contribution would benefit students. Samiti should continue to help students, I am sure that many entrepreneurs like us would come forward and support Samiti.

Suvarna Joshi,
HNB Engineers

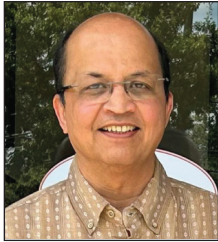

Clear vision for the Trustees

Vidyarthi Sahayyak Samiti has a heritage of over 65 years and they have preserved it. Their functioning is professional. All trustees are clear about the vision required for a bright future for the students. The admission process for students is absolutely transparent. Samiti lays emphasis not only on educational but also all-round development of students and moulds them into responsible citizens. We saw that the impact of Samiti's work on the society is visible.

Institution offering scope for Personality Development

Had occasion to visit Samiti's Pune hostel at the beginning of 2023 due to the follow up of Makarand Phadke and Tukaram Gaikwad. I could see Samiti's work myself during the visit. I saw the premises of the hostel also. During interaction with girls, I could sense the feeling of attachment with Samiti. Their smiling and smart faces. And more important, during the meeting with Karykarts nurturing this organisation I could see their enthusiasm and sincerity. Hearty congratulations to Samiti for offering not only a safe lodging but also for development of personality.

President Marathwada Foundation, New York USA

The pleasure of having a connect with a good organisation

The relationship which has developed between "Garje Marathi" and Vidyarthi Sahayyak Samiti, indeed, is proving to be productive. While meeting Samiti people and working with Samiti, we feel our efforts are fruitful. We are pleased that we are connected with very good organisation. Sunil Kulkarni visited Samiti recently. He was an old member of Garje Marathi, he also said he was very pleased on visiting Samiti. We too are happy, Samiti's work been done by Prataprao Pawar, Tukaram Gaikwad, Dr. Jyoti Gogte and others on seeing your dedication the desire to work and your love for the organisation. We too feel energized. As a matter of fact watching Samiti's work in "Garje Marathi" we feel we too must look like Samiti after 25/30 years. Our work also must benefit people, like Samiti. We want to conduct several programmes with Samiti - Eklavya, creative coding, soft skills, Flunter or web development - all of which are new. Another thought: we should lay stress on digital literacy or financial literacy and we all should try to see how our students' become entrepreneurs, Samiti has several big entrepreneurs. When our Entrepreneurs visit Pune, they would like to stay with students in Pune and Ahmednagar. It is our endeavour to extend a helping hand to your progress which has been taking place over the years. Sincere best wishes to the mission.

Anand Ganu
Founder, President "Garje Marathi" America.

Audit Report

To

The Board of Trustees,

Vidyarthi Sahayyak Samiti,

1184/1/4 F.C. Road, Pune 411 005.

As per our appointment, we have audited the attached Balance Sheet of Vidyarthi Sahayyak Samiti as at March 31, 2023 and also the Income and Expenditure Account for the year ended on that date annexed thereto. These financial statements are prepared by incorporating the accounts of the Trust.

These financial statements are the responsibility of the Management. Our responsibility is to express an opinion on these financial statements based on our audit. We have conducted our audit in accordance with auditing standards generally accepted in India. These standards require that we plan and perform the audit to obtain the reasonable assurance about whether the financial statements are free of material misstatements. An audit includes examining evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by the management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

We further report that :

- a) We have obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b) The Balance Sheet and Income & Expenditure Account dealt with by this report are in agreement with the books of account.
- c) In our opinion, the Trust has kept proper books of account as required by law so far as it appears from our examination of these books.
- d) In our opinion the Balance Sheet and Income & Expenditure Account comply with relevant Accounting Standards, exceptions mentioned in respect AS-9 on Revenue Recognition.

In our opinion and to the best of our information and according to the explanation given to us, these financial statements together with the schedules attached thereto and read with the Accounting Policies and Notes Forming Part of the Accounts give a true and fair view in conformity with the Accounting Principles generally accepted in India :

- i] In case of Balance Sheet, of the state of affairs of the Trust as at March 31, 2023.
- ii] In case of Income & Expenditure Account, of the Surplus / (deficit) for the year ended on that date.

We need your help!

Girls hostel in Pune
112 Rooms
for 336 girls

M.K. alias Madhukar Chaudhari girls' hostel, Ahmednagar
20 rooms
for 60 girls

Kalyanrao Jadhav boys' hostel, Ahmednagar
40 rooms
for 120 boys

Presently Samiti has 5 hostels in Pune which accommodate 750 students (430 boys and 320 girls). The number of girls from rural areas, coming to Pune for education is increasing. That parents are sending them for higher education is a positive change in the Society. However, they cannot afford expenses in a city like Pune. Hence, due to affordable expenses and security, the number of girls coming to Samiti is increasing over the past few years. In order to find a way out, we have started construction of new hostels. All these projects would involve expenditure of Rs.45 Crores. The dream of girls from rural areas would become a reality if you or your friends extend a helping hand.

All these hostels would be having library, computer lab, yoga hall, dining hall etc. You can donate for these. Also, by offering a donation of Rs.10 Crores a room can be named after you. This donation can be given over 3 years and would attract concession under Income Tax Act.
